

CALM WITHIN THE STORM

A RETREAT TO JUST 'BE'

WWW.TRANQUILWATERSRETREAT.CO.UK

HEY!

We are Dan and Emma, husband and wife team and founders of Tranquil Waters Health and Wellness Retreat.

After being multiple business owners, trapped in the chaos of the never-ending rat race, locked in by successful business that was delivering only unhappiness and stress, we eventually took a step back. A step back that allowed us to look within, be true to ourselves and cultivate a life and business that aligned with us, our values and our dreams.

Our healing journey came just after COVID hit, when we we knew we had to assist others in their healing and wellbeing journey. Drawing on our entrepreneurial background, we've managed to find this beautiful fusion of business savvy and holistic wellbeing practices.

Our journey has hammered home the importance of balancing success with wellbeing and staying true to oneself. Now, through coaching and speaking engagements, we're helping others navigate towards a fulfilling life, centred on self-awareness and growth.

Strangely we just followed the bread crumbs that were being left out for us...and here we are. Our journey of awakening!

DID YOU KNOW?

Join us on a journey of self-discovery where we embrace the present moment, quieten our minds, and cultivate gratitude for the now. Let go of past experiences that may shape your current outlook and instead find happiness within yourself.

At our retreat, we emphasise the importance of being present and content with where you are, rather than seeking joy in the future or through others. We believe in the power of community and connection, recognising that we are meant to live in tribes, sharing stories, emotions, and supporting one another.

Awakening isn't just about personal growth; it's about coming together as a collective movement—a reunion of souls rooted in our innate desire for connection and support. In a world often dominated by competition, our retreat serves as a reminder of our intrinsic need for community.

Join us in this haven where minds find peace, spirits soar, and hearts rejoice. Together, we'll uplift each other, ignite our passions, and uncover the beautiful mosaic of our true selves.

Prepare for a journey where every moment is filled with the excitement of realising your fullest potential. The time to embrace your awakening is now. Are you ready?

RETREAT AGREEMENTS

The main rule is to be authentically you. Too often we wear a mask to 'fit in' the beauty in all of us is that we are all different. We do not wear masks here. If you need to cry, dance, hug, be emotional, go in the woods and scream, sit alone, go for a walk - then do it.

We are letting go of what no longer serves us and welcoming the true you.

In order for us to be present, we need to let go of the past and stop looking externally for happiness. To be happy within.

We are vibin' high on this retreat and we stand by 'The Four Agreements' to spiritual success:

Do not judge others
Be impeccable with your word
Do not make assumptions
Always try your best

We are your retreat leaders, please speak to us if you have any concerns, need support or guidance at any point. We are here for you.
